

Cowden Bell Flooring

Made from renowned Herman Oak leather, our Cowden Bell leather is saddle leather and suitable for both floors and walls. Hand dyed and hand stamped by Cowden Bell, each tile is subtly different in color and texture, and affords a warm, rich, detailed and resilient floor.

Product Usage and Additional Information

Vertical and horizontal use. Light commercial use suitable when following manufacturer's instructions for installation and care. See sales associate for complete instructions. Install on clean, unfinished surface such as concrete and plywood. Use Barge Cement or Hybond or other nonflammable contact adhesive. Spaces between tile may be slightly uneven and can be filled when waxing the tile. Waxing with Briwax original light brown or other hard surface wax at least three times before use is recommended. Wax often to maintain the look of the floor. See manufacturer's instructions for frequency. Clean with damp mop or sponge.

- made from Herman Oak leather
- hand dyed and hand stamped for the best quality product available
