

With its reflective quality and watery depth of color, glass tile is a key element of the ANN SACKS® assortment. Crystal Glass brings to our inventory collections a premium glass executed with a modern clean edge. An appealing palette of nine colors in matte and glossy finish will satisfy any color setting. The unique and large format 12x24 field will make a modern dramatic statement while the mosaic patterns offer a more subtle textural effect. Coordinate different formats and finishes in your design for creative patterning.
