

Lake Garda Flooring

Our most successful glass field tile has expanded to include a beautiful glass flooring tile. With an extensive palette of 40 matte colors and a range of sizes up to 12" x 12" you can achieve an interior that is elegant, sophisticated or bold and colorful.

Product Usage and Additional Information

Light use flooring. All vertical applications. Outdoor use subject to climate and method of installation. The floor tile is thicker than the wall tile. This may affect the color when trying to match to the same color on the wall tile. Be sure to get samples when using the same color for floor and wall tile in the same room.

- available in all Lake Garda etched colors
- specifically designed for floors
- sizes available up to 12x12
