

The sleek format and cool palette of this stone program clearly define the style of a project. Placed on the running bond or stacked, it has the cache of great European architecture that has been difficult to capture in America.

Product Usage and Additional Information

All vertical and horizontal indoor applications. Not recommended for exterior use. Install with 100% solid epoxy mortar such as Mapei Kerapoxy (Ker410). See manufacturer's installation instructions. Luxor is presealed at the factory with a water based sealer from SBD.

- incredible style at a great price
- a cool neutral
- dramatically dark
- utilitarian as well as gorgeous
- beautifully fabricated
- programmatic for extensive design options
