

Our Metro collection has a sleek, straight edge, making this the ultimate in contemporary styling. The color palette is sophisticated and soft, with colors available in both glossy and matte finishes. An extensive array of sizing allows for multiple patterning.

### Product Usage and Additional Information

All indoor vertical applications. Outdoor vertical applications subject to climate and method of installation. Use of crack suppression membrane is required.

- hard to find straight edge gives the tile a crisp, sleek look
- easy to install with thin-set. Other backpainted tiles must be installed with silicone
- extensive selection of sizes available
