

Inspired by urban design of the 1930's, this program was created by Los Angeles based designer Michael S Smith to coordinate with his plumbing collection manufactured by Kallista. Complementing this program is a beautiful, traditional basketweave mosaic for the floor and Smith's Labyrinth collection of decorative ceramics.

Product Usage Recommendations

- Suitable for all indoor wall and light-use floor or counter applications.
- Outdoor use subject to climate and method of installation.
- Crackle tile must be sealed on horizontal surfaces and in areas where tile is in contact with moisture. Crackle is not suitable for use in standing water, such as a shower floor.

Installation and Maintenance Guidelines

- Install per industry standards for ceramic tile.
- Always inspect material prior to installation; installed material cannot be accepted for return or credit.
