

Robert Kuo Carved Stone

Han Bai Yu (Chinese white marble) & Qing Shi (Chinese black marble) are fine marbles suitable for carved designs and found in the Hebei Province of Northern China. Stone carvers use a chisel and hammer to carve the intricate designs, then finish by using abrasive grinding tools in the traditional jade carving technique. Craftsmen originally used this method to carve pieces for Buddhist temples. Patterns incorporate traditional Chinese motifs alongside design elements of Western European Art Deco.

Product Usage and Additional Information

All indoor vertical applications. Low relief patterns are suitable for flooring. Outdoor use subject to climate and method of installation. Lead Time: 90-120 days.

- incredible attention to detail
- marble has a beautiful vein that provides a directional quality
